AHYH ASR AHYH  
I Will Be Who I Will Be  
I Will Be Who I Will To Be  
AHYH ASR AHYH  
I Will Be What I Will Be  
I Will Be What I Will To Be

A *fractal* is a natural phenomenon or a mathematical set that exhibits a repeating pattern that displays at every scale. It is also know as expanding symmetry. (Wikipedia)

A *fractal equation* is any mathematical entity where the result of one cycle becomes the input for the next cycle.

The Universe is a fractal equation of the form: **In+1 = In + WILL**

Where **I** is the eternal, immutable Self (God or Spirit),

**In** is the current state of the Self, manifest at this point in time (the person),

**WILL** is the capabilities of the Self,

and **In+1** is the next (future) state of the Self.

In English, the best translation of this is “I Will Be What (Who) I Will Be.”  
In Hebrew, this is AHYH (I Will Be) ASR (Who/What) AHYH (I Will Be).

The letters AHYH are English transliterations of the Hebrew letters אהיה

The Hebrew letters are called, left to right,

א	ALEPH (A)
ה	HEH (H)
י	YOD (Y)
ה	HEH (H)

This Name is One Word, One Logos, One Name, and it means “I Will Be.”

This is God's direct, absolute, personal Name, as revealed in Exodus 3:14.

Hebrew is spelled right to left, so in Hebrew “AHYH” looks like “HYHA” אהיה

People seek autographs from famous people, and certain important autographs can be sold for great amounts of money. But God’s autograph is the most famous and valuable of all. God wrote His Holy Autograph, and spelled it neither left to right nor right to left, but top to bottom, like this:

This is a *pictogram*, a particular arrangement of letters called (in Hebrew) a *yosher*, or ‘upright name.’ The *Aleph* is a head, the first *Heh* is the shoulders and arms, the torso is the *Yod* and the hips and legs are the second *Heh*.

There is so much to say about this pictogram that The Calling’s entire website is devoted to it, in one way or another.

First, it represents both the Limitless “I”, or God (I Will Be, AHYH), and the manifest, created being, the human (ahyh). Its very picture represents the relationship of God (AHYH) to humankind (ahyh), and the fractal, self-reflective nature of the entire Universe, from macro to micro.

In short, “I WILL BE” is God’s essence, humans are God’s Name, and thus “I WILL BE” is also *our* essence.

There are many results from this.

God’s Universe is cyclic in nature; the output of a cycle is the input of the next, like winter gives way to spring which gives way to summer, etc. Being a fractal, the Universe is self-reflective. In other words, each structure or pattern found in the system reflects or images itself throughout the rest of the system. Therefore, “I WILL BE” is true for God, each creature, governments, businesses, and all other structures, down to the smallest nano-scale. In fact, Newton’s First Law of Motion (the Law of Inertia) states: “Objects at rest stay at rest, unless acted upon by an outside force. Objects in motion stay in motion unless acted upon by an outside force.”

The central essence of the Universe is an “I,” eternal and immutable. This “I” has only one attribute: WILL. Absolute and perfect. This is the Logos, the Word, what the Hindus call ‘Maya.’ The “I” applies Its (his/her) WILL to Itself (there is nothing else to apply it to), thus *becoming* “BE-ING.” I + WILL = BEING. This is the incarnation, the manifest self, the personality.

This personality is ultimately an illusion, inasmuch as there is no outside force (God is ONE without an other), the Law of Inertia states that the “I,” despite apparent changes, remains unchanged.

As the “I” applies its WILL, it BEcomes the person.

As the "I" identifies itself with its' BEING, this is called “the fall,” or the identification of the Unmanifest Eternal with the illusory personality (small self).

During the personality (human incarnation) phase, the small, lower self (ahyh) retains all the attributes of the “I” (AHYH). This is what it means to ‘be created in the image of God.’ Thus, “I Will Be What (Who) I Will Be” remains the highest truth an individual can know. In short, we decide our destiny. The power of *Will*, so ignored and renounced by the materialist / chemical / victim / disease models fashionable today, is actually the ONLY operative element in a person's life. Humankind’s current infatuation with the materialist / chemical / victim / disease model is the single greatest hindrance to the growth of the human species.

Within the person (ahyh) lies the Spirit (AHYH), the spark of the Immutable Self, or the “I.” Through applying its WILL, the Spirit enfolds itself within mind, then desire, then emotion, and finally a physical body (add a material body if you have a car!)

As the personality responds to the call of the Higher Self, it dies to the smaller, fallen self, and re-identifies itself with the Eternal “I.” We call this *redemption*.

The entire cycle is called the Breath of God:

God dies so that  
 We can live, so that  
 We can die, so that  
 God can live.

I +	WILL =	BEING
Father	Mother	Child
God the Father	God the Spirit	God the Son
Potential	Kinetic	Manifest

God	Logos	Jesus
Subject	Relationship	Object
Spirit	Soul	Body
Brahman	Maya	Universe
Yang	Yin	Dynamic
Male-Principle	Female-Principle	Mating
Self	Intent	Destiny
